Overland Park, KS 66212

Dear Mr. Allen,

"What a great Safety Fair!"

The above statement was typical of the many enthusiastic comments that have been passed along by those who attended Safety Fair '01. Over 700 people attended on Sunday October 7th to make this fair a resounding success. Your agency and those representing it played a crucial role in its success.

The Town & Country Police Department, on behalf of the City of Town and Country, want to extend our genuine appreciation to you for participating in Safety Fair '01. Your contribution allowed all those who attended the fair to witness, first-hand, the many important partnerships that work towards our common goal of safety and protection.

We would like to specifically thank you for displaying the Jamb Brace. The fair goers really enjoyed the display. All of your personnel were very professional in representing your agency.

Again thank you for your involvement. Should there be anything we can assist your agency with, please do not hesitate to call.

Sincerely,

John R. Copeland
Chief of Police
